

OUR COMPANY

ALCAS is a family owned business that was founded by Benjamin Trejo and started as Alcas Marble Imports in 2003 as a local distributor of marble dust in Central Texas.

Marble dust, also known as calcium carbonate (CaCO_3), has several uses but is most commonly used as the main ingredient in the plaster used in pools.

By focusing on serving the pool plaster industry Alcas has been able to position itself as a leading distributor of pool plastering products in the industry.

OUR COMMITMENT

We are committed to achieving the highest quality standards in all aspects of our business operations: manufacturing, marketing, research and development, and customer service.

Alcas has continued to grow and expand its market to customers throughout Texas, as well as Arizona, Louisiana, Oklahoma and Mississippi.

With more than twenty years in the industry, Alcas has become an established supplier of pool plastering products. Alcas has built a strong business through personal relationships with our customers who have entrusted us as their primary supplier and demonstrated their loyalty with their repeat business.
